SIRANTHA JAX 06: ENDGAME
 AGUIRRE, Ann
Science fiction PBK \$17.95

BLADES OF WINTER
 ALMASI, G.T.
 Nineteen-year-old Alix Nico, a self-described "million-dollar murder machine," is a rising star in ExOps, a covert-action agency that shields the United States from the Soviet Union, Greater Germany, and the Nationalist Republic of China. When an impulsive decision explodes in her face, Alix uncovers a conspiracy that pushes her to her limits and could upset the global balance of power forever. "Smart, sassy, and seriously appealing: a stunning debut." - *Jeff Long*
Science fiction thriller PBK \$19.95

THE HOUSE OF RUMOUR
 ARNOTT, Jake
 Larry Zagorski spins wild tales of fantasy worlds for pulp magazines. But as the Second World War hangs in the balance, the lines between imagination and reality are starting to blur. In London, spymasters enlist occultists in the war of propaganda. In Southern California, a charismatic rocket scientist summons dark forces and an SF writer founds a new religion. In Munich, Nazis consult astrologists as they plot peace with the West and dominion over the East. And a conspiracy is born that will ripple through the decades to come. This is a wonderful conspiracy thriller with a strong SF connection. Recommended.

IN WAR TIMES
 GOONAN, Kathleen Ann
 Goonan traces the career of amateur saxophonist Sam Dance, a young soldier who receives plans for a strange electronic device from his physics instructor, Magyar Gypsy Dr. Eliani Hadntz, after she seduces him on the eve of the attack on Pearl Harbor. She intends her "time machine"—melding physics and biology—to harness the human mind and rescue Europe from Nazi evil. Sam eventually plants the machines across the globe, hoping the technology will somehow cause various time-shifting realities and save humanity from its herdlike propensity for violence. "[O]ne of the very few writers of science fiction today willing to work with the unfettered vistas of abstract weirdness presented by the apocalyptic potential of really new technologies." - *William Gibson*

All the books in this catalogue are new books due for release in **August 2012**.

Because they are new books, we are at the whim of the publishers and to some extent the shipping companies - books can sometimes arrive later (or earlier) than anticipated, or occasionally be a different retail price than originally quoted. Because space is a luxury, we bring in limited quantities of books. Prices are subject to change without notice.

Please reserve copies of anything you want so you don't miss out - ASAP!

If a book has sold-out by the time we receive your order, we will back-order and supply when available.

Pulp Fiction has access to thousands of books not shown in our monthly catalogues. We are only too happy to order anything if we don't have it on the shelves.

If you can't make it into the shop, you can post, phone, fax or e-mail your order. We accept Bankcard, Mastercard, Visa, AMEX, cheques and Australia Post Money Orders.

Approximate current postage within Australia is: 1 -2 paperbacks (up to 500 grams), \$6.60.

2-10 paperbacks or any trade paperbacks or hardcovers within Brisbane is \$8.65.

Outside Brisbane metro area (over 500 grams up to 3 kilos), \$11.40.

Anything above 3 kilos charged at Australia Post rates.

Until next time, good reading!

ZERO AND OTHER FICTIONS

HUANG, Fan & BALCOM, John (Translator)

"Four of the best works by award-winning Taiwanese author Huang are anthologized in this first-ever English translation... Taking its cues from Orwell's classic 1984, Fan's unsettling 1981 science fiction novella "Zero," concerns postapocalyptic survivor Xi Jin, who questions the dictatorial authority of a host of policing "ministries" and bureaus, and makes himself a target of the agencies' omnipresent overlords. These character-driven stories illustrate the range of Huang's creativity and narrative dexterity." – *Publisher's Weekly*. Winner of the 2012 Science Fiction and Fantasy Translation Award.

CHIMERA

MCCARTHY, T.C.

"The concluding volume of McCarthy's Subterrene War near-future military-powered trilogy (after *Germline* and *Exogene*, \$22.99 each) is an impressively deep and profoundly moving character study. Stan Resnick is a Special Forces operative who specializes in tracking down and eliminating escaped genetically engineered soldiers. But as he excels in his military career, his personal life is unravelling...

Rather than face his demons, Resnick turns to the bottle and immerses himself in a top-secret mission... The highly detailed, brutal depiction of futuristic warfare brilliantly complements the intimate narrative, which examines the insanity of war and those personally affected by it." – *Publisher's Weekly*
