### MISTBORN: SECRET HISTORY (NOVELLA)

SANDERSON, Brandon  
This companion novella builds upon the characterisation, events, and world-building of the original trilogy. Reading it, without that background, will be a confusing process at best. In short, this isn't the place to start your journey into the Mistborn series (though, if you have read the trilogy – but it has been a while – you should be just fine, so long as you remember the characters and the general plot of the books). Saying anything more, here, risks revealing too much. Even knowledge of this story's existence is, in a way, a spoiler. There's always another secret.

### ONE CLEAR ICE-COLD JANUARY MORNING AT THE BEGINNING OF THE 21ST CENTURY

SCHIMMELPFENNIG, Roland  
One clear, ice-cold January morning shortly after dawn, a wolf crosses the border between Poland and Germany. His trail leads all the way to Berlin, connecting the lives of disparate individuals whose paths intersect and diverge. Experiences and encounters flicker past with a raw, visual power, like frames in a black and white film. Those who catch sight of the wolf see their own lives reflected; and find themselves searching for a different path, in a cold time. The first novel of Germany's most celebrated contemporary playwright.
