SORRY PLEASE THANK YOU: STORIES

YU, Charles
“Science fiction goes postmodern in this story collection from Yu (*How to Live Safely in a Science Fictional Universe*, \$19.99). Yu explores provisional identities (including those of a character named Charles Yu) in multiple universes, typically employing a conversational style that makes for easy reading even when the themes are troubling or the formalistic elements challenging... A collection of playful stories that often have a dark undercurrent. Far out, man.” – *Kirkus Reviews*
