Widowed by the infamous, unnatural massacre at Darez Fort, Arwa was saved only by the strangeness of her blood – a strangeness she had been taught all her life to suppress. She offers up her blood and service to the imperial family and makes common cause with a disgraced, illegitimate prince who has turned to forbidden occult arts to find a cure to the darkness hanging over the Empire. Using the power in Arwa's blood, they seek answers in the realm of ash: a land where mortals can seek the ghostly echoes of their ancestors' dreams. But the Emperor's health is failing, and a terrible war of succession hovers on the horizon... The first in this new series, *Empire of Sand* (PBK, \$22.99) had some great feedback from customers.
