Star Wars Visions

#### Gandon, Emma Mieko

The Jedi are the most loyal servants of the Empire. Two decades ago, Jedi clans clashed in service to feuding lords. Sickened by this endless cycle, a sect of Jedi rebelled, seeking to control their own destiny and claim power in service of no master. They called

themselves Sith. The Sith rebellion failed, succumbing to infighting and betrayal, and the once rival lords unified to create an Empire... but even an Empire at peace is not free from violence. Far on the edge of the Outer Rim, one former Sith wanders, accompanied only by a faithful droid and the ghost of a less civilised age. He carries a lightsabre, but claims lineage to no Jedi clan, and pledges allegiance to no lord. Little is known about him, including his name, for he never speaks of his past, nor his regrets. His history is as guarded as the red blade of destruction he carries sheathed at his side. As the galaxy's perpetual cycle of violence continues to interrupt his self-imposed exile, and he is forced to duel an enigmatic bandit claiming the title of Sith, it becomes clear that no amount of wandering will ever let him outpace the spectres of his former life. A mysterious former Sith wanders the galaxy in this original novel inspired by the world of 'The Duel' from the *Star Wars Visions* animated anthology.

### Shadow of the Sith

#### Christopher, Adam

The Empire is dead. Nearly two decades on from the Battle of Endor, the tattered remnants of Palpatine's forces have fled to the farthest reaches of the galaxy. But for the heroes of the New Republic, danger and loss are ever-present companions, even in this newly forged era of peace. Jedi Master Luke Skywalker is haunted by visions of the dark side, foretelling an ominous secret growing somewhere in the depths of space, on a dead world called Exegol. The disturbance in the Force is undeniable... and Luke's worst fears are confirmed when his old friend, Lando Calrissian, comes to him with reports of a new Sith menace. After his daughter was stolen from his arms, Lando searched the stars for any trace of his lost child. But every new rumour only led to dead ends and fading hopes – until he crossed paths with Ochi of Bestoon, a Sith assassin tasked with kidnapping a young girl. Ochi's true motives remain shrouded to Luke and Lando. For on a junkyard moon, a mysterious envoy of the Sith Eternal has bequeathed a sacred blade to the assassin, promising that it will give him answers to the questions that have haunted him since the Empire fell. In exchange, he must complete a final mission: return to Exegol with the key to the Sith's glorious rebirth – the granddaughter of Darth Sidious, himself: Rey. As Ochi hunts Rey and her parents to the edge of the galaxy, Luke and Lando race into the mystery of the Sith's lingering shadow and aid a young family running for their lives. Luke Skywalker and Lando Calrissian return in this essential novel set between *Return of the Jedi* and *The Force Awakens*.

### **Slaying the Dragon:**

a Secret History of Dungeons & Dragons  
**Riggs, Ben**  
Roleplaying game historian Ben Riggs unveils the secret history of TSR – the company that unleashed imaginations with *Dungeons & Dragons*, was driven into ruin by disastrous management decisions, and then saved by their bitterest rival. Co-created by wargame enthusiasts Gary Gygax and Dave Arneson, the original *Dungeons & Dragons* roleplaying game released by TSR (Tactical Studies Rules) in 1974 created a radical new medium: the roleplaying game. For the next two decades, TSR rocketed to success, producing multiple editions of *D&D*, numerous settings for the game, magazines, video games, *New York Times* bestselling novels by Margaret Weis, Tracy Hickman, and R A Salvatore, and even a TV show! But by 1997, a series of ruinous choices and failed projects brought TSR to the edge of doom – only to be saved by their fiercest competitor, Wizards of the Coast, the company behind the collectible card game *Magic: The Gathering*. Unearthed from Ben Riggs' own adventurous campaign of in-depth research, interviews with major players, and acquisitions of secret documents, *Slaying the Dragon* reveals the true story of the rise and fall of TSR. Go behind the scenes of their

Lake Geneva headquarters, where innovative artists and writers redefined the sword and sorcery genre, managers, and executives sabotaged their own success by alienating their top talent, ignoring their customer fanbase, accruing a mountain of debt, and agreeing to deals – which, by the end, made them into a publishing company unable to publish so much as a postcard. As epic and fantastic as the adventures TSR published, *Slaying the Dragon* is the legendary tale of the rise and fall of the company that created the roleplaying game world.
