Warhammer Chronicles

Abnett, Dan, et al

Mortarion: the Pale King

The sheer brutality of Mortarion's campaign left the Imperium appalled. Seeking to understand its horrors, two noble primarchs have come to Galaspar, summoning their brother to account for his actions. You've Got Red on You

How Shaun of the Dead was Brought to Life

Collis, Clark

How did a low-budget British movie, about Londoners battling zombies in a pub, become a beloved global pop culture phenomenon? *You've Got Red on You* details the previously untold story of 2004's *Shaun of the Dead*, the hilarious, terrifying horror-comedy whose fan base continues to grow and grow. After speaking with dozens of people involved in the creation of the film, author Clark Collis reveals how a group of friends overcame seemingly insurmountable odds to make a movie that would take bites out of

both the UK and the US box office before ascending to the status of bona fide comedy classic. Featuring in-depth interviews with director Edgar Wright, producer Nira Park, and cast members Simon Pegg, Nick Frost, Kate Ashfield, Bill Nighy, Lucy Davis, and Coldplay singer Chris Martin, the book also boasts a treasure trove of storyboards, rare behind-the-scenes photos, and commentary from famous fans of the movie, including filmmakers Quentin Tarantino and Eli Roth, *Walking Dead* executive producer Greg Nicotero, and *World War Z* author Max Brooks. As Pegg's zombie-fighting hero Shaun would say, 'How's that for a slice of fried gold?'

Star Wars: the High Republic

Córdova, Zoraida

It is an age of exploration. Jedi travel the galaxy, expanding their understanding of the Force and all the worlds and beings connected by it. Meanwhile, the Republic, led by its two chancellors, works to unite worlds in an ever-growing community among near and distant stars. On the close orbiting planets of Eiram and E'ronoh, the growing pains of a galaxy with limited resources but unlimited ambition are felt keenly. Their hatred for each other has fuelled half a decade of escalating conflict and now threatens to consume surrounding systems. The last hope for peace emerges when heirs from the two planets' royal families plan to marry. Before lasting peace can be established, an assassination attempt targeting the couple tilts Eiram and E'ronoh back into all-out war. To save both worlds, Jedi Knight Gella Nattai volunteers to uncover the culprit, while Chancellor Kyong appoints her son, Axel Greylark, to represent the Republic's interests in the investigation. But Axel's deep distrust of the Jedi sparks against Gella's faith in the Force. She's never met such a puffed-up, privileged party boy, and he's never met a more self-serious, relentless do-gooder. The more they work to untangle the shadowy web of the investigation, the more complicated the conspiracy appears to be. With accusations flying and potential enemies in every shadow, the pair will have to work together to have any hope of bringing the truth to light and saving both worlds.

Beyond the Wand

the Magic and Mayhem of Growing Up a Wizard

Felton, Tom

Tom Felton's adolescence was anything but ordinary. His early rise to fame in beloved films like *The Borrowers* catapulted him into the limelight, but nothing could prepare him for what was to come after he landed the iconic role of the Draco Malfoy, the bleached blonde villain of the *Harry Potter* movies. For the next 10 years, he was at the centre of a huge pop culture phenomenon and yet, in between filming, he would go back to being a normal teenager trying to fit into a normal school. Speaking with great candour and his signature humour, Tom shares his experience growing up as part of the wizarding world while also trying to navigate the muggle world. He tells stories from his early days in the business like his first acting gig where he was mistaken for fellow blonde child actor Macaulay Culkin and his *Harry Potter* audition – where, in a very Draco-like move, he fudged how well he knew the books the series was based on (not at all). He reflects on his experiences working with cinematic greats such as Alan Rickman, Sir Michael Gambon, Dame Maggie Smith, and Ralph Fiennes (including that awkward Voldemort hug). And, perhaps most poignantly, he discusses the lasting relationships he made over that decade of filming, including with Emma Watson – who started out as a pesky nine-year-old, whom he mocked for not knowing what a boom mic was; but who soon grew into one of his dearest friends. Then, of course, there are the highs and lows of fame and navigating life after such a momentous and life-changing experience. Tom Felton's *Beyond the Wand* is an entertaining, funny, and poignant must-read for any *Harry Potter* fan. Prepare to meet a real-life wizard.

Against them stands the might of Mercury Wall and

the strength of the Legio Ignatum. Ancient rivals, the god-engines of both Legions meet in battle, while within the walls a few desperate individuals seek a way to turn back the tide of the warp's malign influence. Across Terra lost warriors and travellers make their way through wastelands and gardens of horror, towards home and an unknown future.

Gran Meccanismo
Clockpunk Roleplaying in Da Vinci's Florence (Osprey Roleplaying)
Galeotti, Mark & Ramos, Teresa; Musseau, Randy (illustrators)
A roleplaying game of fantastical inventions and Machiavellian politics in Renaissance

Italy. It is the Year of Our Lord 1510, and one has to wonder how differently history could have played out if Niccolò Machiavelli, the military commissioner of the Republic of Florence, had not understood the true scale of Leonardo da Vinci's genius. In such a world, the visionary might simply have wasted his time painting portraits of women and doodling in a sketchbook. Instead, he unleashed a technological revolution where primitive computers, decorated with delicately painted cupids, run on water clocks; spring-powered tanks whirl across the battlefield, cannons thundering from their flanks; and gliders flit across perfectly blue Tuscan skies. *Gran Meccanismo* is a roleplaying game of swashbuckling adventure in a Renaissance Italy where Florence's winding alleys play host to spies, scholars, and sell-swords, alike. Players are nobles, mercenaries, inventors, and artisans who may find themselves crossing wits with Machiavelli, avoiding the dangerous charms of Lucretia Borgia, or hearing Christopher Columbus telling tales of the new world he has discovered...
