All the books in this catalogue are new books due for release in **September 2022**.

Because they are new books, we are at the whim of the publishers and, to some extent, the shipping companies – books can sometimes arrive later (or earlier) than, or occasionally be a different retail price than originally quoted. Because space is a luxury, we bring in limited quantities of books. Prices are subject to change without notice.

Please reserve copies of anything you want so you don't miss out – ASAP!

If a book has sold out by the time we receive your order, we will back-order and supply, when available.

Pulp Fiction has access to thousands of books not shown in our monthly catalogues. We are only too happy to order anything if we don't have it on the shelves.

If you can't make it into the shop, you can post, phone, or e-mail your order. We accept Mastercard, Visa, AMEX, cheques and Australia Post Money Orders.

Approximate current postage (base rate), within Australia, is:

up to 500g: \$9.30

500g to 1kg: \$12.70

1kg to 3kg: \$15.95

3kg to 5kg: \$19.60

anything above 5kg charged at Australia Post rates.

If your order is over \$100, we recommend adding Australia Post insurance, which is charged at \$2.50 per \$100 of value.

Echoes of Eternity

Horus Heresy: Siege of Terra 07

Dembski-Bowden, Aaron

The walls have fallen. The defenders' unity is broken. The Inner Palace lies in ruins. The Warmaster's horde advances through the fire and ash of Terra's dying breaths, forcing the loyalists back to the Delphic Battlement, the very walls of the Sanctum Imperialis.

Angron, Herald of Horus, has achieved immortality through annihilation – now he leads the armies of the damned in a wrathful tide, destroying all before them as the warp begins its poisonous corruption of Terra. For the Emperor's beleaguered forces, the end has come. The Khan lies on the edge of death. Rogal Dorn is encircled, fighting his own war at Bhab Bastion. Guilliman will not reach Terra in time. Without his brothers, Sanguinius – the Angel of the Ninth Legion – waits on the final battlements, hoping to rally a desperate band of defenders and refugees for one last stand.

the World of Bond
According to Smersh Pod

Rain, John

This is the guide to the James Bond movies you never knew you needed. The Bond films have entertained, excited and sometimes irritated cinemagoers, for more than 50 years, inspiring awe and adoration around the world for the inimitable 007 – Her Majesty's most incorrigible spy. After all, who hasn't wanted to kick a big bloke with metal teeth in the groin? Fly a small plane out of a pretend horse's bottom? Or push a middle-aged man into space? No one, that's who. In 007's world of sexy espionage, there are international criminal organisations to infiltrate, henchmen to outsmart and endless one-liners to crack. This unofficial dossier of Bond's best moments is an affectionately irreverent take on the spine-tingling highs and jaw-dropping lows of the greatest (and sometimes worst) spy in movie history. So, fire up the Aston Martin DB5, dust off your jetpack, and ask Moneypenny to hold your calls – John Rain is taking us on a journey through each of the 24 films, to date. Our target: Bond, James Bond.

Everything I Need

I Get from You:

How fangirls created the internet as we know it

Tiffany, Kaitlyn

In 2014, on the side of a Los Angeles freeway, a One Direction fan erected a shrine in the spot where, a few hours earlier, Harry Styles had vomited. 'It's interesting for sure,' Styles said later, adding, 'a little niche, maybe.' But what seemed niche to Styles was actually an irreverent signpost for an unfathomably large, hyper-connected alternative universe: stan culture. In *Everything I Need I Get from You*, Kaitlyn Tiffany, a staff writer at *The Atlantic* and a superfan herself, guides us through the online world of fans, stans, and boybands. Along the way we meet girls who damage their lungs from screaming too loud, fans rallying together to manipulate chart numbers using complex digital subversion, and an underworld of inside jokes and shared memories surrounding band members' allergies, internet typos, and hairstyles. In the process, Tiffany makes a convincing, and often moving, argument that fangirls, in their ingenuity and collaboration, created the social internet we know today, effectively making One Direction the first internet boyband. 'Before most people were using the internet for anything,' Tiffany writes, 'fans were using it for everything.' With humour, empathy, and an expert's eye, *Everything I Need I Get from You* reclaims internet history for young women, establishing fandom not as the territory of hysterical girls but as an incubator for digital innovation, art, and community. From alarming, fandom-splitting conspiracy theories about secret love and fake children, to the interplays between high and low culture and capitalism, Tiffany's book is a riotous chronicle of the movement that changed the internet forever.

All of the Marvels:

an Amazing Voyage into Marvel's Universe and 27,000 Superhero Comics

Wolk, Douglas

Marvel comics are the nearest thing modernity has produced to a holy epic, a blockbusting, record-shattering pop-cultural cosmology that echoes our deepest hopes and fears. *NYT* comics critic Douglas Wolk has read them all. This is what they add up to. Over the last 60 years, the Marvel superhero comic books have grown into a gigantic mountain in the middle of contemporary culture. They are the longest continuous, self-contained work of fiction ever created: over half a million pages to date – and growing. Thousands of writers and artists have contributed to it. Every schoolchild recognises its protagonists: Spider-Man, the Avengers, the X-Men. And not even the people telling the story have read the whole thing – nobody's supposed to. So, of course, that's what Douglas Wolk did: he read all 27,000 comics that make up the Marvel universe thus far, from Alpha Flight to Omega the Unknown. *All of the Marvels* is a landmark, but ludicrously fun, piece of cultural criticism. Trying to make sense of the ever-expanding mythology, Wolk shows how it reflects a funhouse-mirror history of the past 60 years, from the atomic night terrors of the Cold War to the technocracy and political divisions of the present day. He observes the Marvel story's progressive visions and its painful stereotypes, its patches of woeful hackwork and stretches of luminous creativity. This is a huge treat for Marvel fans, but it's also a revelation for readers who don't know Doctor Strange from Doctor Doom. Here, truly, are all of the marvels.

Thrawn trilogy 03

Zahn, Timothy

The embattled Republic reels from the attacks of Grand Admiral Thrawn, who has marshalled the remnants of the Imperial forces and driven the Rebels back with an abominable technology recovered from the Emperor's secret fortress: clone soldiers. As Thrawn mounts his final siege, Han and Chewbacca struggle to form a coalition of smugglers for a last-ditch attack against the empire, while Leia holds the Alliance together and prepares for the birth of her Jedi twins. Overwhelmed by the ships and clones at Thrawn's command, the Republic has one last hope – sending a small force, led by Luke Skywalker, into the very stronghold that houses Thrawn's terrible cloning machines. There a final danger awaits, as the Dark Jedi C'baoth directs the battle against the Rebels and builds his strength to finish what he had already started: the destruction of Luke Skywalker.
